FESTIVALS

Cyberfest – Burning House, São Paulo/SP (12/09/2026)

Produção: Cyberpunch
Texto e fotos: Matheus "Mu" Silva

Em sua segunda edição, o Cyberfest, evento promovido pela banda **Cyberpunch**, foi criado no ano passado com o intuito de promover novos nomes da cena, além, é claro, de celebrar a existência da banda principal. Realizado no último sábado (12), na **Burning**

Como a banda tem apenas dois singles lançados até o momento, *"Riding Worms"* e *"Immortan War"*, porém está com o lançamento de seu primeiro álbum previsto ainda para este ano, o que foi apresentado transita entre um Heavy Metal menos tradicional, com elementos de Industrial e Gótico, e algumas doses de Thrash Metal, sendo este último estilo mais explorado nas músicas que já estão disponíveis.

um show de 90 minutos, foi uma apresentação coesa, cheia de elementos visuais e com um som que chama a atenção. Estarei aguardando o lançamento de seu disco para melhores conclusões, mas o que foi apresentado foi muito bom.
